

**Family Care steam washing with V-Steam functionality**

V-Steam programs generate steam at 60°C, which aids in removing allergens and bacteria from clothes with big load. So that you no longer have to use nasty additives or high heat ironing to aid in removing allergens and bacteria from you fabrics to keep your family's clothes hygienically clean.

- 
- A+++ energy class<br>
  - 30% Energy save<br>
  - Auto Sense<br>
  - Smart Restart<br>
  - Time Control<br>
  - Child Lock<br>
  - Self Cleaning Filter<br>
  - Iron with ease

**Product Benefits & Features****Anti-allergy programme**

Anti-allergy programme combines a high performance wash cycle and steam vapour to help in removing allergens and bacteria from your favorite garments. This allows you to enjoy hygienically clean and gentle clothes, wash after wash.

- Delay Start
- Maximum spin speed: 1000 rpmb
- Silk program designed specifically for silk with gentle wash and adapted spin cycle
- Fuzzy Logic technology, adapting to the load
- Child lock
- Anti-flood protection
- Anti-foam rinse system
- Out of balance control of the drum load
- TC2 8 Kg 1200 RPM WHITE
- Feet: 4 adj feet
- Appliance HxWxD (mm): 854 x 597 x 607
- 7 KG

**Cotton Steam program is a special cycle to provide a very deep cleaning of the fabrics.**

Cotton Steam program is a special cycle to provide a very deep cleaning of the fabrics. A prolonged steam phase at the end of the washing helps to open up the fibers allowing a deep rinsing and elimination of the removed soil, it is particularly effective on white garments to keep them bright.

**The machine that puts you in control of your time.**

The TimeManager programme allows you to change the length of the wash to the time YOU have available, without compromising on the end result and still saving energy. It will give you an energy efficient wash that is as quick as possible.

**Saves you time, reducing energy and water consumption**

Save time and reduce your energy and water consumption thanks to the AutoSense feature, which automatically adjusts the cycle time, water and energy according to the size of the load.

**Product Specification**

Load Capacity kg (Wash)	7
Wash Energy Rating	A
Spin efficiency	None
Energy consumption Annual (kWh)	0
Washing noise level IEC 704-3 dB(A)	0
Spinning noise (dBa)	0
الأكسسوارات	Child Lock
Connected Load	2000
Voltage	220-230
Required Fuse	10
Height (mm)	854
Width (mm)	597
Depth (mm)	607
Product Class	Front loaded WM
Maximum spin speed (rpm)	1000
Colour	Black
