- TC2 8 Kg 1200 RPM WHITE
- Feet: 4 adj feet
- Appliance HxWxD (mm): 847 x 597 x 636
- 10 KG

Less wrinkles and less ironing with PlusSteam option.

Adding steam to the end of the wash cycle so the fibres of your clothes relax and wrinkles are reduced by a third*. Without exposing them to the repeated heat of regular ironing, clothes retain their shape and texture for longer.

* compared to the same machine without PlusSteam

Maximum care and superb cleaning in less than an hour

Special intensive cleaning programme, for your everyday Cotton items ensuring good wash performance in very short time. Maximum care and superb cleaning in less than an hour with the UltraWash program.

No over washing - Ensuring items retains their look and feel for longer.

Our AutoSense Pro function automatically adjusts the washing cycles to fabric types and load weights. Giving you the benefits of saving time and reducing energy and water consumption.

A longer life for your washing machine.

Thanks to the durable inverter motor, you can rely on this washing machine to last longer, with less maintenance, giving you peace of mind. In addition, it makes each cycle quieter.
