

The machine that puts you in control of your time.

The TimeManager programme allows you to change the length of the wash to the time YOU have available, without compromising on the end result and still saving energy. It will give you an energy efficient wash that is as quick as possible.

- Digital time display

- 4-step TimeManager

- Sport Intensive - Baby Hygiene + Linen

- Auto Sense

- 3-6-9 hour Delay Start stop

Product Benefits & Features

SAVES YOU TIME, REDUCING ENERGY AND WATER CONSUMPTION

Save time and reduce your energy and water consumption thanks to the AutoSense feature, which automatically adjusts the cycle time, water and energy according to the size of the load.

Refresh your clothes in just 20 minutes

If you quickly want to wash some clothes, the 20-minute Refresh programme on this Zanussi washer is ideal. The cycle will be done in no time, and you'll be ready to get on with the fun things in life!

A simple, hassle-free way to look good

The Easy Iron program reduces the number of creases in your laundry, so you can do your ironing quickly and easily, and then get on with enjoying yourself.

Softer clothes to suit your sensitive skin

For sensitive skin, use the extra-rinse option. It easily removes the vast majority of detergent from your load, so you always have super-soft clothes.
