Refresh your clothes in just 20 minutes

If you quickly want to wash some clothes, the 20-minute Refresh programme on this Zanussi washer is ideal. The cycle will be done in no time, and you'll be ready to get on with the fun things in life!

Less wrinkles and less ironing with PlusSteam option.

Adding steam to the end of the wash cycle so the fibres of your clothes relax and wrinkles are reduced by a third*. Without exposing them to the repeated heat of regular ironing, clothes retain their shape and texture for longer.

* compared to the same machine without PlusSteam
